Dear Dr Ludwicki,

It was with deep sorrow that I heard of the tragic loss of life in the devastating air accident that claimed the lives of President Kaczynski and so many Polish citizens over the weekend.

On this sad occasion for your country, I write to offer you and your colleagues sincere condolences on my own behalf and on behalf of all EFSA staff.

The tragic loss of your distinguished President and his wife, political leaders, officials and Polish citizens is a source of great sadness to all of us and our thoughts and prayers are with their loved ones at this difficult time.

Please be assured that EFSA is at your disposal for any support you may require.

With deepest sympathy,

Catherine Geslain-Lanéelle
